

Friday Focus Samples

<p><u>Field Games</u></p> <p>Learn the basic skills and drills of many popular field games. Learn new drills to help improve your athletic abilities and play games to help you practice. A perfect choice for the sports fan!</p>	<p><u>Cheerleading</u></p> <p>Get pumped with MATES spirit! You will learn the foundations of cheerleading such as time counts for routines, jumps, kicks, simple cheers and dance routines. The class will build from simplistic to more complex, but no experience is needed!</p>	<p><u>Young Engineers</u></p> <p>An engineer is someone who designs or builds an engine or structure. In this class, you will become an engineer, while designing and building cool things like toothpick bridges, buildings, and catapults.</p>
<p><u>Reader's Theater</u></p> <p>Do you enjoy acting and stories? If so, sign up for Reader's Theater to learn some fun acting games and act out stories. It will be so much fun!</p>	<p><u>Digital Storytelling</u></p> <p>If you love stories or technology, join us for Digital Storytelling! Show us your creative side while we explore a variety of technologies to imagine, retell and produce tales.</p>	<p><u>Basketball</u></p> <p>Do you love to play basketball, or would you like to improve your skills? Join basketball Friday Focus and have a ball!</p>
<p><u>Mosaic Art</u></p> <p>Mosaic is a beautiful and unique art form that allows your creativity to shine. If you enjoy taking your time and doing careful work, then this Friday Focus is for you!</p>	<p><u>Fashion Design</u></p> <p>Create your own fashion design portfolio. Each week you will design a different style of clothing. From beachwear to formal wear, you will design it all!</p>	<p><u>Gardening</u></p> <p>If you enjoy nature and being outdoors, sign up for gardening. We will tend the garden, plant flowers, and add a creative touch to our beautiful MATES garden.</p>
<p><u>Dance Exploration</u></p> <p>Explore different dance techniques and learn new steps in this fun and exciting dance class.</p>	<p><u>Art Exploration</u></p> <p>Come enjoy using a variety of art materials such as paint, clay, markers, etc. to create your own original works of art!</p>	<p><u>Fairy Tale Science</u></p> <p>Conduct science experiments based on a different fairy tale each week.</p>
<p><u>Math Games</u></p> <p>Students learn card games to play while improve their math skills at the same time.</p>	<p><u>Orff Club</u></p> <p>Groove to the music in a fun and creative style!</p>	<p><u>Egyptology</u></p> <p>Learn about ancient Egypt while conducting archeological digs.</p>
